

Vincent Harry H. Trayvilla

Web Systems Developer | IT Support

San Pedro City, Laguna vince.trayvilla@gmail.com +63 994 997 5241

PROFESSIONAL SUMMARY

I am a graduating Bachelor of Science in Information Technology student with hands-on practicum experience in web-based information systems, database work, system testing, documentation, IT support, basic networking, and software and hardware troubleshooting. I am seeking an entry-level role in IT support, systems development, quality assurance, or web applications.

WORK EXPERIENCE

City Government of Biñan

April 2026 - July 2026

Web Systems Developer and IT Support Intern

Assigned Project: Biñan Access Card Management Information System

- Contributed to a web-based management information system using CodeIgniter 4, PHP, MySQL, Bootstrap, jQuery, and Ajax.
- Assisted with system models, database updates, data validation, testing, documentation, and Git-based team collaboration.
- Provided support for Windows, XAMPP, Apache, MySQL, phpMyAdmin, development-environment configuration, and basic troubleshooting.
- Assisted with LAN connectivity, Ethernet cable checks, IP-address configuration, and internet-access support for office workstations.

ACADEMIC PROJECTS AND RESEARCH

PLANTERAID

2025 - 2026

Web-Based Soil Monitoring and Recommendation System | Capstone Project

IoT-enabled web system for soil moisture, temperature, and humidity monitoring with recommendations and alert notifications.

E-Commerce Ticketing System

March 2024 - May 2024

Web Developer

Movie ticketing system built with ASP.NET and C# using an MS Access database for ticket booking and movie-distributor management.
